FAQ & Troubleshooting

Q: How do I get matched with a virtual trainer? A: Tap "Need a Trainer Now" from the home screen, then "Virtual Live Video." The app will search for available trainers within 25 miles. The first trainer to accept is matched with you.

Q: Why am I not seeing any trainers? A: Make sure your location is set in your profile. Trainers must be within range, verified, and have their availability toggled on.

Q: How does pricing work? A: Trainers set their own session rates. The platform takes a 25% service fee. Trainees pay the full session price. Travel fees may apply for at-home sessions based on distance.

Q: Can I cancel a session? A: Yes. Open the session from your Sessions tab and tap Cancel. Cancellation policies may apply depending on how close the session is to the start time.

Q: How do payouts work for trainers? A: Earnings from completed sessions appear in your Available Balance. Request a payout from the Earnings tab. Payouts are processed by the admin team.

Q: What are boosts? A: Boosts are paid upgrades that increase your visibility in trainee search results for a set period.

Q: How do streaks work? A: Your streak counts consecutive training days or weeks. Missing a scheduled period resets your streak. Share your streak from your profile to keep motivated.
