1. Getting Started

RapidReps connects fitness trainees with certified personal trainers for virtual, outdoor, and in-home sessions. Think of it as an Uber-style experience for personal training — open the app, request a trainer, get matched in real time, and start your workout.

Supported Platforms: iOS, Android, Web (via Expo)

Key Roles: - **Trainee** — Books and attends training sessions - **Trainer** — Provides training services, earns income -

Admin — Manages the platform, users, and payouts

Example Trainer Profile

Alex T. — HIIT / Strength / Boxing — 4.9 (284 reviews) \$40 Outdoor / \$60 In-Home / \$30 Virtual Certified NASM Personal Trainer | 5 years experience "I specialize in high-intensity functional training that builds real-world strength."

2. Account & Authentication

2.1 Sign Up

Screen: Sign Up

Field	Required	Notes
Full Name	Yes	Your display name
Email	Yes	Must be unique
Password	Yes	Minimum 6 characters
Role	Yes	Choose "Trainee" or "Trainer"
Profile Photo	No	Upload during or after sign-up

Buttons: - **Create Account** — Submits registration form - **Already have an account? Log In** — Navigates to login screen - **View Terms of Service** — Opens Terms screen - **View Privacy Policy** — Opens Privacy screen

2.2 Log In

Screen: Log In

Tagline: "Time to lock in"

Field	Required
Email	Yes
Password	Yes

Buttons: - **Log In** — Authenticates and routes to trainee or trainer home - **Forgot Password?** — Opens password reset flow - **Don't have an account? Sign Up** — Navigates to sign up

2.3 Forgot Password / Reset Password

Enter your email to receive a reset code. Then enter the code and your new password.

Buttons: - **Send Reset Code** — Sends reset email - **Reset Password** — Sets new password - **Back to Login** — Returns to login screen

3. Trainee Guide

3.1 Home Screen

Tab: Home (house icon)

Header: - Greeting with your name - Notification bell icon (shows unread count)

"Need a Trainer Now" Section: - **Virtual Session** button — Instantly request a virtual trainer (video call) - **In-Person Now** button — Find a nearby trainer for an in-person session right now

Sort & Filter Bar: - **Sort Options:** Rating, Price (Low to High), Price (High to Low), Distance - Active sort is highlighted in teal

Trainer Cards — **each shows:** - Profile photo and full name - Average rating (stars) and review count - Training styles (tags) - Price per session - Distance (if location enabled) - **Boosted badge** — Glowing indicator if trainer has an active visibility boost - **Member badge** — Shown if trainer has a membership

Buttons on each card: - **View Profile** — Opens trainer detail screen - **Book Session** — Goes to booking flow

Nearby Trainers Section: - Shows trainers within range with distance and ETA - Scrollable horizontal list

3.2 Trainer Detail Screen

Screen: Trainer Detail

Shows complete trainer profile: - Profile photo, name, verification status badge - Average rating and total reviews - Bio/description - Training styles - Session types offered (Virtual, Outdoor, In-Home) - Pricing for each session type - Intro video (if uploaded) - Reviews from other trainees

Buttons: - **Book Virtual Session** / **Book Outdoor Session** / **Book In-Home Session** - **Save Trainer** — Saves to your Saved list - **Message** — Opens direct message conversation - **Report** — Report this trainer for safety concerns - **Back** — Returns to home

3.3 Saved Trainers

Tab: Saved (heart icon)

View your saved/favorited trainers.

Buttons: Unsave, Book, View Profile

3.4 Sessions Tab

Tab: Sessions (calendar icon)

Sessions organized by status: Upcoming, In Progress, Completed, Cancelled.

Each session card shows trainer name/photo, date/time, session type, status badge, price.

Buttons per session: - **View Details** — Full session info - **Cancel** — Cancel the session (penalties may apply — see Section 14) - **Rate** — Leave a rating (completed sessions only) - **View Summary** — See post-session stats (completed only) - **Mark No-Show** — Report trainer no-show (if applicable)

3.5 Profile Tab

Tab: Profile (person icon)

Buttons & Options: - **Edit Profile** — Update name, photo, bio - **Membership** — View/manage membership (see Section 12) - **Achievements** — View earned badges - **Notification Preferences** — Customize notifications - **Sound & Vibration Settings** — Toggle sounds, vibration, ringtone, mute-during-session (see Section 20.4) - **Privacy Policy** / **Terms of Service** - **Log Out** — Signs out - **Delete Account** — Permanently deletes your account (confirmation required)

3.6 Membership Screen

See Section 12 for full details.

4. Trainer Guide

4.1 Home Screen

Tab: Home (house icon)

- **Availability Toggle** — Switch between Available/Unavailable
- **Today's Sessions** — List of upcoming sessions for today
- **Pending Requests** — Session requests awaiting your response
- **Quick Stats** — Today's earnings, sessions completed, rating

Buttons: - **Toggle Availability** — Turn on/off your availability for matching - **Accept** / **Decline** — Respond to pending session requests

4.2 Sessions Tab

Same layout as trainee but with trainer actions: - **Start En Route** — Mark yourself heading to session (enables GPS tracking) - **Confirm GPS Arrival** — Verify you're at the session location - **Start Session** — Begin the session (In Progress) - **End Session** — Complete the session (triggers summary) - **Cancel** / **Mark No-Show** — Cancel or report trainee no-show

4.3 Earnings Tab

Tab: Earnings (dollar icon)

- **Total Earnings** — Lifetime earnings
- **This Month** — Current month total
- **Pending Payout** — Amount ready to withdraw
- **Recent Transactions** — List of recent session payments

Buttons: Request Payout, View All Transactions

4.4 Profile Tab

Buttons & Options: - **Edit Profile** — Update bio, training styles, pricing, photos - **Upload Intro Video** — Record/upload a 30-60 second intro video - **Verification** — Complete or check verification status - **Visibility Boosts** — Purchase boosts (see Section 13) - **Achievements** / **Notification Preferences** / **Sound & Vibration Settings** - **Log Out** / **Delete Account**

4.5 Edit Profile Screen

Field	Notes
Full Name	Display name
Bio	Short description (max 500 chars)
Training Styles	Multi-select: HIIT, Strength, Cardio, Yoga, Pilates, Boxing, etc.
Virtual Rate	Price per virtual session (min \$30)
Outdoor Rate	Price per outdoor session (min \$40)
In-Home Rate	Price per in-home session (min \$60)
Offers Virtual / Offers In-Person	Toggle on/off
Profile Photo	Upload/change photo

4.6 Verification Screen

Complete your trainer verification: 1. **Personal Information** — Full name, date of birth, address 2. **Certification Upload** — Upload personal training certification 3. **ID Verification** — Upload government-issued ID 4. **Background Check Consent** — Agree to background check

4.7 Trainer — Virtual Request Screen

When you receive an instant request: - Trainee name, session type, and details shown - Countdown timer for response - **Accept** — Accept the session (first-accept-wins, no double-booking) - **Decline** — Decline and system finds another trainer - Timer expires — Auto-decline

5. Session Workflows

5.1 Scheduled Session Booking

1. **Find Trainer** — Browse trainers on Home tab
2. **View Profile** — Tap a trainer card
3. **Select Session Type** — Virtual, Outdoor, or In-Home
4. **Schedule** — Pick date and time
5. **Confirm Booking** — Review price breakdown
6. **Payment** — Complete Stripe payment
7. **Trainer Responds** — Accepts or declines
8. **Session Confirmed** — Both receive notification

Price Breakdown on Confirm Screen: - Base session rate - Travel fee (in-home only, based on distance) - Multi-session discount (5% on 3rd+ session with same trainer) - Membership discount (10% if subscribed) - Platform fee (25%) - Trainer earnings (75%)

5.2 Session Flow (In-Person)

1. **Confirmed** — Both parties agreed
2. **Selfie Verification** — Both submit attendance selfie (see Section 8)
3. **Trainer En Route** — Trainer taps "Start En Route" (GPS tracking begins, 5-second updates)
4. **GPS Arrival** — Trainer confirms GPS proximity (within 0.25 miles outdoor, 0.1 miles at-home)
5. **In Progress** — Session starts (GPS switches to 15-second updates)
6. **End Session** — Trainer ends session (GPS stops immediately)
7. **Summary Generated** — Post-session stats available (see Section 9)
8. **Rate & Review** — Trainee rates the trainer

5.3 Session Flow (Virtual)

1. **Confirmed** — Both parties agreed
2. **Join Video** — Both join the virtual session room
3. **In Progress** — Session active

Virtual Session Duration Rules: - **Default duration:** 30 minutes (selectable: 30 or 60 minutes at booking) - **Maximum duration:** 90 minutes - **Grace period:** 2 minutes after scheduled end for wrap-up - **Auto-end:** If the session exceeds maximum duration + grace period, the system automatically ends it and generates a summary - Trainer can manually end the session at any time via the **End Session** button

1. **End Session** — Trainer ends session (or auto-end after max duration)
2. **Summary Generated** — Stats available
3. **Rate & Review** — Trainee rates

6. Matching Engine — "Need a Trainer Now"

6.1 Location Permission Flow (Required)

Before using "Need a Trainer Now," the app requires GPS permission:

Step 1 — Pre-Permission Screen:

"RapidReps needs your location to match you with nearby trainers."

Step 2 — OS System Permission Prompt: - iOS: "Allow While Using App" / "Allow Once" / "Don't Allow" - Android: "Allow" / "Deny"

Step 3 — If Permission Denied (Soft Decline):

"Location access is needed for in-person and instant sessions. You can enable it in Settings." - In-person features remain disabled until permission is granted - Virtual sessions remain available without GPS

Step 4 — If Permission Denied Again (Hard Decline): - All in-person matching features disabled - "In-Person Now" button shows: "Enable Location in Settings to use this feature" - Virtual sessions still available

Note: Without location permission, Apple/Google will reject in-person matching features. This flow is required for App Store compliance.

6.2 Virtual Instant Session

Button: "Virtual Session" on Home screen

- 1. Tap **Virtual Session** button
- 2. **Searching screen** appears with:
- 3. Radar animation
- 4. Elapsed time counter
- 5. "Finding your perfect trainer..." text
- 6. **Cancel** button
- 7. The matching engine scores available trainers using:

Factor	Weight	Description
ETA	40%	Primary factor. Estimated time to arrive (even for virtual, measures responsiveness)
Rating	25%	Average star rating from reviews
Price	15%	Price competitiveness relative to session type
Boost	10%	Active visibility boost bonus
Responsiveness	5%	Historical acceptance speed
Profile Completeness	5%	Bio, photo, certifications filled out

1. Top 5 trainers notified simultaneously
2. **First trainer to accept wins** (atomic — no double-booking possible)
3. On match:
4. **Boxing-bell sound** plays
5. Trainer details appear (name, rating, price, photo)
6. **"Trainer Found!"** notification sent
7. If no match within 3 minutes:
8. Progressive wave expansion (additional trainers notified)
9. After all waves exhausted: **"No trainers found"** fallback with retry option

Buttons on searching screen: - **Cancel Search** — Cancels the request and returns home

Buttons on matched screen: - **Start Session** — Begin the virtual session - **Find Another** — Reject this match and search again (see Section 6.4)

6.3 In-Person Instant Session

Button: "In-Person Now" on Home screen

Same flow as virtual but with location-based ETA matching:

Wave Logic:

Wave	ETA Limit	Trainers Notified	Trigger
Wave 1	5 min or less	Top 3 by score	Immediate
Wave 2	10 min or less	Top 3 by score	If Wave 1 has < 2 matches
Wave 3	15 min or less	Top 5 by score	If Wave 2 has < 1 match

Hard Maximum ETA Cap: 15 minutes. No trainer outside 15 min ETA can ever be matched. Matching stops after Wave 3. This prevents far-away trainers being selected in low-supply areas.

6.4 "Find Another" Trainer Logic

When you tap **"Find Another"** after being matched:

1. The previously matched trainer is **excluded for 10 minutes** (cooldown)
2. A new wave of scoring runs using the same ETA/rating/price rules
3. All previously rejected trainers are excluded from the new search
4. If all waves are exhausted and no trainers remain:
5. Status changes to "exhausted"
6. Fallback screen: "All available trainers have been contacted. Please try again later or adjust your preferences."
7. This prevents infinite loops and rematching the same trainer

6.5 Membership Priority

Members receive a **+0.15 score bonus** in the matching engine. This means members are matched with higher-rated, closer trainers faster than non-members.

7. GPS Tracking & En-Route

7.1 Starting En Route

For in-person sessions, the trainer taps **"Start En Route"** to activate GPS tracking.

Update frequency: - En route: GPS refreshes every **5 seconds** - In progress: GPS refreshes every **15 seconds** - GPS stops **immediately** on session end or cancellation

7.2 Live Tracking View

Both parties can see: - Trainer's live location on map - Trainee's location - Distance between parties (in miles) - Estimated time of arrival

7.3 GPS Alerts

Alert	Trigger	Message
Weak Signal	GPS accuracy > 50 meters	"Weak GPS signal — confirm location manually"
Stale Movement	Trainer stationary 2+ min while en route	"You appear to be stationary. Are you on the way?"
Distance Warning	Parties > 0.5 miles apart during active session	"You are X miles from the other party"
Address Mismatch	Parties > 0.25 miles apart at session start	"You and the other party appear to be at different locations"
GPS Spoofing	Location jump > 2 miles in < 30 seconds	"Unusual location change detected. GPS may be inaccurate." (account flagged)

7.4 Arrival Confirmation

Trainer must tap **"Confirm Arrival"** to verify GPS proximity: - **Outdoor/Gym sessions:** Must be within **0.25 miles (400m)** - **At-home sessions:** Must be within **0.1 miles (160m)**

If too far: *"You are X miles away. Must be within Y miles to start."*

7.5 Arrival Time Measurement

Official arrival time begins when: - The trainer taps "Start En Route," **OR** - **5 minutes before the scheduled session start time** — whichever happens first.

This prevents users from skipping "Confirm Arrival" to avoid no-show penalties. If neither party has started the

session within 10 minutes of the scheduled start time, the system triggers automated no-show alerts (see Section 14).

7.6 Privacy

GPS is **ONLY active during**: - En route to session - Active session - Arrival verification

GPS is **NOT active** when the app is idle or outside a session.

8. Selfie Verification

Before an in-person session begins, both parties must submit a selfie to verify attendance.

8.1 Flow

1. Session status changes to Confirmed or En Route
2. Both trainer and trainee take and submit a selfie
3. Each person sees the other's verification status
4. Once both selfies are submitted: "Both verified — session can start!"

8.2 Buttons

- **Take Selfie** — Opens camera
- **Submit Selfie** — Uploads selfie for verification
- **Retake** — Take a new selfie
- **Switch Camera** — Toggle front/rear camera

8.3 Failure Handling

Scenario	System Response
Camera fails to open	"Try again or switch cameras" with retry button
Upload fails (network error)	"Upload failed. Tap to try again." with retry button
Poor lighting detected	"Move to a brighter area for a clearer photo"
One user refuses selfie	Session cannot begin until both selfies are submitted
Selfie fails 3 times	Manual verification fallback initiated — a support agent reviews the session. Message: "Selfie verification failed multiple times. Manual verification initiated."

8.4 Requirements

- Selfie must be a valid image (minimum 100 bytes)
- Maximum file size: 5MB
- Only session participants can submit selfies

9. Post-Session Summary & Sharing

After every completed session, a summary is automatically generated.

9.1 Summary Contents

Field	Description
Trainer Name	Who trained you
Workout Type	Based on trainer's specializations (e.g., "strength, hiit, cardio")
Duration	Actual session time in minutes
Calories Burned	Estimated by workout type and duration (see chart below)
Weekly Streak	Consecutive weeks with at least 1 session
Sessions with Trainer	Total completed sessions with this trainer

9.2 Calorie Estimation

Workout Type	Calories/Hour
HIIT	650
CrossFit	600
Boxing	580
Kickboxing	570
Running	550
Martial Arts	550
Circuit Training	500
Cardio	500
Cycling	480
Swimming	450
Zumba	450

Dance	400
Strength Training	420
Weightlifting	400
Bodybuilding	400
Functional Training	380
Pilates	280
Yoga	250
Prenatal	220
Senior Fitness	200
Rehabilitation	200
Stretching	180

For trainers with multiple styles, the average calories/hour is used.

9.3 Sharing

Share Text Example:

"Just crushed a 45-min strength, hiit, cardio session with Alex Trainer! 392 cal burned. 3-week streak!"

Options: - **Share as Card** — Generates a styled share card with your stats (screenshot-friendly) - **Copy Deep Link** — `rapidreps://session-summary/{sessionId}` opens the summary in the app - **View All Summaries** — See complete history with totals (total sessions, total calories, total minutes)

10. Messaging

10.1 Conversations List

Tab: Messages (chat bubble icon)

Shows all conversations sorted by most recent message. Each shows name, photo, last message preview, timestamp, unread count.

10.2 Chat Screen

Real-time messaging between trainee and trainer.

Buttons: Send, Back

11. Payments & Pricing

11.1 Session Pricing

All payments are processed through **Stripe**.

Minimum Session Rates:

Session Type	Minimum Price
Virtual	\$30.00
Outdoor	\$40.00
In-Home (at trainer's location)	\$60.00
Home Visit (at trainee's location)	\$60.00

Revenue Split: - **Trainer:** 75% of session price - **Platform (RapidReps):** 25% of session price

11.2 Travel Fees (In-Home Sessions)

- \$0.50 per mile (over 2 miles)
- Minimum: \$0 | Maximum: \$15
- Trainer receives 70% of travel fee | Platform receives 30%

11.3 Discounts

Discount	Amount	Condition
Multi-Session	5% off base rate	3rd+ session with same trainer
Membership	10% off base rate	Active membership (\$19.99/month)

Discounts stack. A member on their 3rd session gets 15% off.

11.4 Payment Flow

1. Confirm booking and review price breakdown
2. Pay with Stripe (card or saved payment method)
3. Payment held in escrow until session completes
4. After session ends: Trainer receives 75%, Platform retains 25%

12. Membership Program

Price: \$19.99/month

12.1 Benefits

Benefit	Details
Session Discount	10% off every session (auto-applied at checkout)
Free Monthly Boost	1 free profile visibility boost per month
Priority Matching	+0.15 score bonus in matching engine
Early Access	First access to newly verified elite trainers
Member Badge	Exclusive badge on your profile

12.2 Subscribe

1. Navigate to Profile > Membership
2. Review benefits and pricing
3. Tap **Subscribe Now**
4. Complete Stripe payment (\$19.99)
5. Membership activates immediately

12.3 Cancel

1. Navigate to Profile > Membership
2. Tap **Cancel Membership**
3. Membership remains active until end of current billing period
4. No pro-rated refunds

12.4 Membership Perk Rules

Question	Answer
Does 10% discount apply to sessions already booked before joining?	No. The discount applies only to sessions booked after membership activation.
If membership expires mid-booking, does the discount stay?	Yes. Sessions booked while membership was active preserve the discounted rate, even if the membership expires before the session date.
Do active boosts continue when membership expires?	Yes. Any boost already activated (including free monthly boost) runs until its own expiry date, regardless of membership status.
When does the free monthly boost reset?	On each monthly billing renewal date. Unused free boosts do not carry over.

13. Visibility Boosts (Trainers)

Boosts increase your visibility in search results and the matching engine.

13.1 Boost Pricing

Duration	Price
1 Day	\$9.99
1 Week	\$49.99
1 Month	\$149.99

13.2 Boost Effects

- **Profile Glow** — Your profile card shows a visual glow indicator
- **isBoosted Badge** — Visible to trainees searching for trainers
- **Higher Matching Score** — 10% weight in the matching engine scoring
- **Priority Placement** — Appear higher in search results

13.3 Boost Analytics

Navigate to Profile > Boosts > Analytics to see:

Metric	Description
Impressions	Times your profile appeared in search results
Profile Views	Times trainees viewed your full profile
Clicks	Times trainees interacted with your profile
Click-Through Rate	Clicks / Impressions (percentage)
Daily Breakdown	Day-by-day performance for last 30 days

Time Zone: All analytics timestamps use the trainer's **local device time zone**. Daily breakdowns are calculated in your local time.

13.4 Free Boost (Members)

Members receive **1 free boost per month** (equivalent to a 1-day boost). Resets on billing renewal. Unused free boosts do not carry over.

14. Cancellation & No-Show Policies

14.1 Trainee Cancellation

Time Before Session	Penalty
More than 12 hours	\$0 (free cancellation)
12 to 2 hours	25% of session price
Less than 2 hours	50% of session price

- Penalty amount split: Trainer receives 75%, Platform receives 25%
- Remaining amount is refunded via Stripe automatically

14.2 Trainer Cancellation

Time Before Session	Consequence
More than 12 hours	No penalty, full refund to trainee
12 hours or less	Full refund + free virtual session credit to trainee. Trainer receives performance strike

14.3 Trainee No-Show

- **Definition:** Trainee does not appear within **10 minutes** of session start time
- **Arrival window begins when:** the trainer taps "Start En Route" **OR** 5 minutes before scheduled start — whichever happens first
- **Trainer receives:** 50% of session price (platform keeps 25% of that 50%)
- **Trainee charged:** 50% of session price (remaining 50% refunded)

14.4 Trainer No-Show

- **Definition:** Trainer does not appear or start session within **10 minutes**
- **Trainee receives:** 100% full refund
- **Trainer receives:** \$0
- **Trainer penalty:** Performance strike

14.5 Performance Strikes (Trainers)

Strikes	Consequence
1-2	Warning notification
3+	Account flagged for review (may be suspended)

Strikes are issued for: late cancellation (within 12 hours) and no-shows.

14.6 Automated No-Show Detection

The system automatically detects potential no-shows: - 10 minutes after scheduled start, if the trainer has not

confirmed GPS arrival, both parties are notified - Trainee receives: "Your trainer has not arrived. You can mark this as a no-show." - Trainer receives: "You haven't confirmed arrival. Please update your trainee."

15. Ratings & Reviews

15.1 Rating a Trainer

After a completed session:

Field	Required	Notes
Star Rating	Yes	1-5 stars
Written Review	No	Optional text feedback

15.2 Rating Prompt

A "Rate Your Session" notification is sent **30 minutes** after session ends if no rating submitted.

16. Achievements & Streaks

16.1 Trainee Achievements

- **First Session / 5 Sessions / 10 Sessions / 25 Sessions / 50 Sessions / 100 Sessions**

16.2 Streak Tracking

- Streaks count consecutive **weeks** with at least 1 completed session
- Appears in your profile and session summaries
- **Reminder:** "Don't Lose Your Streak!" sent after 6 days without a session

17. Notifications

17.1 Notification Types

Type	Description
Session Requested	New booking request received
Session Accepted	Trainer accepted your booking

Session Declined	Trainer declined your booking
Session Reminder	30 minutes before session starts
Session Started	Session is now in progress
Session Ended	Session completed
Session Auto-Ended	Virtual session auto-ended at max duration
Virtual Request	Instant matching — trainer needed now
Virtual Matched	You've been matched with a trainer
Virtual Taken	Another trainer already accepted
Missed Acceptance	Session still available — accept now
Late Warning	Trainer/trainee running late
Rate Reminder	Rate your recent session
Streak Warning	Don't lose your training streak
Boost Expiring	Your visibility boost expires in 24 hours
Payment Released	Earnings deposited
New Message	New chat message received
Trainer On The Way	GPS tracking — trainer heading to you
Selfie Verified	Other party submitted attendance selfie
Summary Ready	Post-session stats available

17.2 Notification Preferences

Navigate to Profile > Notification Preferences to toggle individual types on/off.

Master Toggle: Push Enabled (on/off for all notifications)

18. Safety, Fraud Detection & Reporting

18.1 Automated Safety Protections

RapidReps includes automated systems to protect all users:

Protection	How It Works
GPS Spoofing Detection	If a user's GPS location jumps > 2 miles in < 30 seconds, the system flags the account for review and shows a warning

Trolling Detection	If a trainee creates 3+ cancelled/fake virtual requests within 1 hour, the account is flagged for fraud review
High Cancellation Rate	Trainers with a cancellation + no-show rate above 50% (on 5+ sessions) are automatically flagged for account review
Suspicious Behavior Patterns	Repeated rapid requests, mass cancellations, and unusual booking patterns trigger automated alerts

18.2 Report a User

Button: Report (available on any user profile)

Report reasons: Inappropriate behavior, Harassment, Fraud/scam, Safety concern, Other.

18.3 Block a User

Button: Block User (on profile or in chat)

Blocked users cannot message you, see your profile, or book sessions with you.

Unblock: Navigate to Profile > Blocked Users.

19. Admin Dashboard

Access: Login as admin

19.1 Dashboard Overview

- Total Users, Total Sessions, Total Revenue, Active Trainers
- Session distribution (donut chart), Revenue over time (bar chart)

19.2 User Management

- View All Users (search + filter), User Detail, Delete User, Send Message

19.3 Trainer Management

- Pending Verifications, Verify/Reject Trainer

19.4 Financial Management

- Revenue Dashboard, Payout Requests, Process Payout, Issue Refund, Transaction History

19.5 Top Trainer Leaderboard

Real-time leaderboard: sessions completed this week, average rating, total earnings.

19.6 Fraud & Safety Review

- View flagged accounts (GPS spoofing, trolling, high cancel rate)
 - Review and take action (warn, suspend, ban)
-

20. Account Settings & Sound/Vibration

20.1 Edit Profile

Update your name, photo, bio, and preferences.

20.2 Change Password

Via Forgot Password flow from the login screen.

20.3 Notification Preferences

Toggle individual notification types on/off.

20.4 Sound & Vibration Settings

Setting	Options	Default
Button Tap Sounds	On / Off	On
Vibration Feedback	On / Off	On
Notification Ringtone	Default / Soft / Silent	Default
Mute All During Session	On / Off	Off (when enabled, all sounds and vibrations are silenced during an active session)

20.5 Delete Account

Button: Delete Account (bottom of Profile screen) - Confirmation dialog appears - All data permanently deleted - Cannot be undone

21. Legal

- **Terms of Service** — Available at Profile > Terms of Service
 - **Privacy Policy** — Available at Profile > Privacy Policy
-

22. FAQ

Q: How quickly will I be matched with a trainer? A: The instant matching engine typically finds a trainer within 1-3 minutes. Members get priority matching for faster results.

Q: What happens if no trainer is available? A: The system progressively expands the search in 3 waves (5 min, 10 min, 15 min ETA). After all waves are exhausted, you'll see "All available trainers have been contacted" with a retry option.

Q: Is there a maximum distance for in-person matching? A: Yes. The hard maximum ETA is 15 minutes. No trainer outside 15 min ETA will be matched, even in low-supply areas.

Q: Can two trainers accept the same request? A: No. The system uses atomic first-accept-wins logic — only the first trainer to accept gets the session.

Q: What happens when I tap "Find Another"? A: The matched trainer is excluded for 10 minutes. A new wave of scoring runs. If all trainers have been contacted, a fallback screen appears.

Q: How is my location used? A: GPS is only active during en-route and active sessions. It is never tracked when the app is idle.

Q: What if my trainer doesn't show up? A: You'll receive a full 100% refund. The trainer receives a performance strike. After 3 strikes, their account is reviewed.

Q: Can I cancel for free? A: Yes, if you cancel more than 12 hours before the session.

Q: How long are virtual sessions? A: Default is 30 minutes (selectable: 30 or 60 minutes). Maximum is 90 minutes with a 2-minute grace period for wrap-up. Sessions auto-end after the maximum.

Q: What if my selfie keeps failing? A: After 3 failed attempts, the system initiates manual verification. A support agent will review your session.

Q: How are calories calculated? A: Based on your trainer's specializations and session duration using established exercise science averages.

Q: What does a membership include? A: 10% off all new sessions, priority matching, 1 free boost/month, member badge. \$19.99/month.

Q: Does the 10% membership discount apply to sessions I already booked? A: No. The discount only applies to sessions booked after membership activation. Sessions booked while active keep the rate even if membership later expires.

Q: How do boosts work? A: Boosts increase your visibility in search results and matching. Track impressions, views, and clicks in your analytics dashboard.

Q: How do I get paid as a trainer? A: You earn 75% of each session. Request a payout from your Earnings tab — processed via Stripe.

Q: What prevents GPS spoofing? A: The system detects impossible location jumps (>2 miles in <30 seconds) and flags the account for review.

RapidReps — Train smarter. Match faster. Get results.
